

## AZOO PLUS BETTA GUARD

### DESCRIPTION:

- Premium Betta Fish Conditioner with Almond Leaf Extract.
- Strengthens the immune system, encourages natural colour development, and promotes breeding.
- Contains B vitamin complex, which supports metabolism and the immune system.
- Instantly removes residual chlorine, chloramines, and ammonia. Eliminates the oily layer that forms on the water surface and inhibits algae growth.
- Replenishes consumed carbonate hardness to stabilize pH levels.

Premium conditioner for Betta fish with almond leaf extract. Strengthens the immune system, enhances the natural development of colors, and promotes reproduction. Contains a vitamin B complex that supports metabolism and the immune system. Instantly removes residual chlorine, chloramines, and ammonia. Eliminates the oily film that forms on the water surface and inhibits algae growth. Restores consumed carbonate hardness to stabilize pH value.

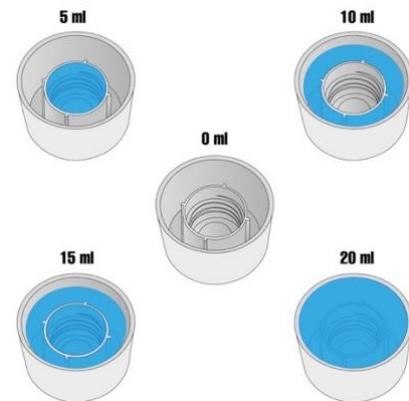

### INSTRUCTIONS:

Use 5 ml of AZOO Betta Guard per liter of water after each water change or fish transport. For regular use, add 2.5 ml per liter of water every 5 to 7 days. Shake the container well before each use and pour evenly throughout the aquarium. Securely close the lid after each use. AZOO Betta Guard can be combined with other specific conditioners from the AZOO brand.

To ensure proper dispersion of AZOO Betta Guard, add the additives in an area of the aquarium with sufficient current. For water changes, you can add the additives to the water before pouring it into the aquarium. Avoid mixing different additives together before adding them. Some aquarium products may chemically react with AZOO Betta Guard; try not to combine several products at the same time to avoid precipitation or undesired reactions. The bottle cap will help you measure the dose accurately:

- The inner cavity holds 5ml.
- The volume between the inner and outer cavity holds 10ml.
- Both cavities filled contain a total of 15ml.
- The cap filled completely contains 20ml.

### EXPIRATION:

Check the expiration date located on the bottom of the container label. If it exceeds this date, the nutritional properties decrease considerably, so we recommend replacing the food.

**AZOO Plus Betta GUARD IS NOT SUITABLE FOR HUMAN CONSUMPTION FISH OR CRUSTACEANS. ONLY FOR SHRIMP AND ORNAMENTAL AQUARIUM FISH.** PRECAUTIONS:

It is not suitable for human consumption. For use in aquariums with ornamental fish only. Keep out of reach of children and pets.

### ATTENTION:

- NOT SUITABLE FOR HUMAN CONSUMPTION.
- KEEP THE PRODUCT AWAY FROM CHILDREN AND PETS.
- SHAKE THE CONTAINER BEFORE USE.
- CLOSE THE CONTAINER TIGHTLY AFTER EACH USE.
- STORE THE CONTAINER IN A COOL AND DRY PLACE, AVOIDING DIRECT SUN EXPOSURE.
- FOR EXCLUSIVE USE IN AQUARIUMS WITH ORNAMENTAL FISH
- DO NOT INGEST, IN CASE OF EYE CONTACT, RINSE WITH PLENTY OF CLEAN WATER AND SEEK MEDICAL ATTENTION.
