

VITAMINS

DESCRIPTION:

Discus Vitamins is a premium conditioner specially formulated to provide the nutritional requirements for discus fish.

It is rich in nutrients, vitamins, and essential minerals to support healthy growth and contains β -Glucan, a polysaccharide that notably strengthens the immune system of fish. Additionally, it contains important vitamins such as the B-complex (B1, B2, B6, B12), vitamin C, A, D, E, among others.

This supplement offers many advantages to discus fish: a healthy metabolism, high resistance, and quick recovery from illnesses, including those related to improper feeding. It prevents skin darkening, scoliosis, and head hole formation.

INSTRUCTIONS:

1. For regular use, add 10ml for every 100 liters of water in your aquarium weekly.
2. When introducing new Discus add 10ml for every 100 liters of water from your aquarium.
3. For use during disease treatment, add 10ml for every 100 liters daily.
4. Shake container well before use and add evenly to aquarium water. Close the bottle cap tightly after use.

PRECAUTIONS:

It is not suitable for human consumption. For use in aquariums with ornamental fish only. Keep out of reach of children and pets. Expiration date: see print on the bottle.

NOTES:

To ensure proper dispersion, add the additives in an area of the aquarium with sufficient flow. For water changes, you can add the additives to the water before pouring it into the aquarium. Avoid mixing different additives before adding them.

Some aquarium products may chemically react with others; try not to combine multiple products simultaneously to avoid precipitations or undesired reactions.

MAIN INGREDIENTS:

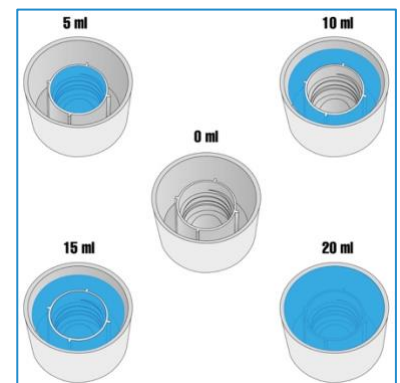

Multivitamins, β -Glucan, Vitamin B₂, Sodium Citrate, ($\text{NaH}_2(\text{C}_3\text{H}_5\text{O}(\text{COO})_3$) Potassium Sorbate ($\text{C}_6\text{H}_7\text{O}_2\text{K}$), Distilled water.
