

Product datasheet

| | |
|----------------|---------------------------------|
| Brand: | AZOO PLUS |
| Product: | PLANT PREMIUM |
| Family: | Conditioners |
| Type: | Fertilizer for aquatic plants |
| Presentations: | 120 ml, 250ml, 500 ml, 1000 ml. |

AZOO PLUS

Presentations, Measurements and weight.

| Code | Product | Size | Net (ml/g) | Total Weight (kg) | Measures mm (w x d x h) |
|---------|---------------|---------|------------|-------------------|-------------------------|
| NG11801 | PLANT PREMIUM | 120 ml | 120 | 0,150 | 40 x 40 x 136 |
| NG11802 | PLANT PREMIUM | 250 ml | 250 | 0,295 | 50 x 50 x 172 |
| NG11803 | PLANT PREMIUM | 500 ml | 500 | 0,555 | 62 x 62 x 212 |
| NG11807 | PLANT PREMIUM | 1000 ml | 1.000 | 0,960 | 80 x 80 x 235 |

Compatibility and performance:

| Compatibility: | | | Format: | Performance | |
|----------------|--|--|---------|--|------------------|
| | | | Liquid | Capacity: (ml) | Treats: (liters) |
| | | | | 120 | 1.200 |
| | | | | 250 | 2.400 |
| | | | | 500 | 4.800 |
| | | | | 1.000 | 9.600 |
| | | | | 4.000 | 38.400 |
| | | | | 1ml of product treats 10 liters of water | |

Key Properties

Specially formulated for the professional care of aquatic plants in an aquarium.

Plant Premium contains a comprehensive combination in the right proportion and quantity of macro-nutrients and trace elements, as well as a chelated form of ferrous iron and organic nutrients, covering all the needs for both red and green plants, achieving vigorous development in the most natural way.

Significantly increases efficiency in photosynthesis and nutrient absorption ratio.

Specially designed formula to prevent algae growth.

More information

FEATURES:

The combination of macro-nutrients and micro-nutrients, along with an improved chelated formula of ferrous iron and other organic nutrients, which allow for very high efficiency in the photosynthetic processes of aquatic plants. Nature Gro Plant Premium.

In a simple and natural way, Nature Gro Plant Premium contains all the essential nutritional requirements for vigorous and healthy development in all planted aquariums in a single additive, providing them in a balanced proportion that plants need.

Main components:

Iron DTPA chelate (DTPA-FeHNa), zinc chelate (EDTA-Zn), copper chelate (EDTA-Cu), boric acid B(OH)₃, magnesium chelate (EDTA-Mn), dipotassium phosphate (KH₂PO₄), potassium nitrate (KN0₃), and distilled water.
