AZOO PLUS

Presentations, Measurements and weight.

Code	Product	Size	Net (ml/g)	Total Weight (kg)	Measures mm (w x d x h)
AP17804	VITAMINS	120 ml	120	0,150	40 x 40 x 136
AP17805	VITAMINS	250 ml	250	0,295	50 x 50 x 172

Key Properties

AZOO PLUS Vitamins is a premium conditioner for freshwater fish that provides essential vitamins for healthy growth and β -Glucan, which notably strengthens the fish's immune system.

It contains important vitamins that are not always provided to our fish with dry food, such as the B complex (B1, B2, B6), vitamin A, D, E, among others.

Additionally, it contains amino acids and coenzymes that directly affect the formation of their tissues.

This allows fish to develop a natural and proportionate body shape, intense and natural coloration, and promotes successful reproduction, producing resilient eggs and excellent quality larvae.

Compatibility and performance:

Compatibility:			Format:	Performance	
FRESH WATER	PLANTS	POUD	Liquid	Capacity: (ml)	Treats: (liters)

More information

FEATURES:

AZOO Plus Vitamins belongs to the AZOO Plus line of conditioners by the brand AZOO. AZOO Plus Vitamins can be used regularly as a dietary supplement by adding a few drops to any type of food.

However, it is especially indicated in situations of illness to accelerate the recovery of fish, or during reproduction to significantly increase larval survival rates. It is also common to add it to the food of larvae, fry, and juveniles to ensure optimal and healthy development during this crucial stage.

INSTRUCTIONS:

Shake the container before use. For best results, mix this additive with food in equal parts.

Main components:

Multivitamins, β -Glucan, Vitamin B₂, Sodium Citrate, (NaH₂(C₃H₅O(COO))₃)
Potassium Sorbate (C₆H₇O₂K), Distilled water.
